

DocuSoft-ng

Helping Successful Business Run Smarter

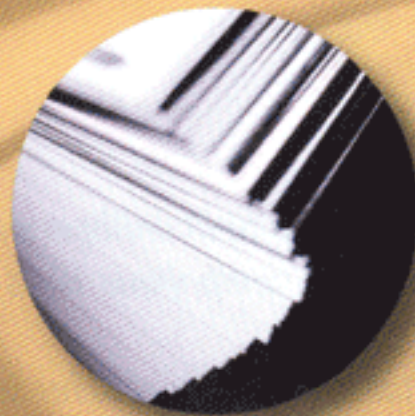

Document Management Services

Do you know?

20,000 A4 sheets of paper can be scanned and stored on just one 650Mb CD ROM and with A4GDS High Volume Canon DR9080C Scanners we can scan over 500 documents a time, and 20,000 documents per day. With over four high volume scanners we can do more!

- Transform your paper filing system to enable greater access.
- Promote information sharing enterprise-wide.
- Optimize your business processes to increase efficiency and productivity.
- Demonstrate regulatory compliance with Sarbanes-Oxley and other laws.
- Eliminate costly floor space.
- Improved Security
- Provide a form of disaster recovery
- Simplify records retention and destruction procedures.
